# Sponsorship Information

Cary Chinese School (CCS) is a non-profit organization dedicated to fostering a vibrant Chinese learning community. Your sponsorship dollars directly support school activities that not only make learning more engaging for our students but also build a tighter, more connected community for our teachers and parents.

We're thrilled to introduce our updated Sponsorship Framework, which is designed to offer even greater value and recognition for our partners. This framework makes it easier than ever for you to make a direct, tangible impact on our students and their families. Partnership opportunities include both **general year-round support** and a special focus on our exciting **Lunar New Year Raffle sponsorship**, details of which you can find below.
